VOL. XLL

MIDDLEBURY, VT., SEPTEMBER 16, 1876.

"Child Lost," (City Cries.)

Somebody's darling has wandered away, Somebody's little one's lost on the street, Some mather's heart broads in serrow to-day O'er perils which cluster 'round two little feet

Doar little fledgoling, away from thy nest,
Who now while care for thee, lost and alone?
Whose would shall soothe thee, when weary, to
rest? Where arms cafeld thee when night cometh on ! On the damp earth shalt then take up thy bed,

Sobbing and meaning the weary night through, Fainting, and dying with tunger almost; Called with the night air and wat with the dew, Dreadful indicat it meet be to be lost.

Last ?-ah! how many fair daughters of Eve.
Once of home and of bindred the pride and the boast,
Have left the dear laved ones in seriow to grieve
And have removed away and been Small, test?

Lest on the street, where the multitudes throng, Los, where the blie and victous ones meet,
Los, subject to rile; not said song,
Alas' how could rain be wronght more com-

God help the fratt one than drifted away, Sad is her state, sho'll soon find to her cost; God pily the mother whose heart bleeds to-day O'er the child of her become thus fearfully lost Middlebury, Vi. A. H. M.

# Order Versus Force.

Order is an invisible power, to whom men yield almost spontaneous obedience; move to determinate ends with a silent officiency that is marvelous in its combination of inharmonious things; force on ed Burke. the other hand sends a disturbing and an opposing element into all the agencies it will inform you," answered the clerk, seeks to control. And yet, where one who was annoyed by the man's imperiman depends on order for the accomplish. nence.

ments, where over two hundred men are mit to none of these impertinences employed. These men were under the "Where is your residence?" asked the superintendence of a foreman of the mar- clerk, soon afterward. He had made his little man, who was always flying about stood. among them, and giving his orders in a "That is my business," was was gruffly short, imporative way, that annoyed unswered, where it did not burt or offend. Such The demen are muchy able to create a system in which a number of persons may be comblood in a harmonious action. Their thought is not calm enough; they see not only into a parrow circle, but see things from every shifting stand point, answer was flust. No opportunity was attentive to his work.
